
HISTORY

In 1998, a small group of compassionate people with a big vision joined together and founded New Hope Clinic. That first year, we operated out of a single room and treated 38 patients. From this modest beginning, New Hope Clinic has come a long way. We now operate a 4,000 sq. ft. facility in Boiling Spring Lakes where we provide care five days per week, and limited services are offered through virtual visits and at a satellite location.

In addition to high quality primary medical care, we deliver a full range of healthcare services including specialty care, dental care, individualized patient education, and prescription medications. We also partner with other organizations to provide additional services and health education.

A small staff and over 100 volunteers, including doctors, dentists, NPs, PAs, pharmacists, nurses, medical & dental assistants, and administrative support personnel, contribute 8,000 volunteer hours to provide over 5,000 patient encounters annually. We help nearly 500 patients each year, but the need is even greater. Please help us spread the word about New Hope Clinic so we can help the less fortunate among us have access to the healthcare they so desperately need!

HOW TO HELP

- Volunteering in any of the following ways:
 - At the clinic
 - On a committee
 - At special events
 - Spreading the word
- Donating items from our wish List
- Giving any financial contribution

PATIENT TESTIMONIES

"New Hope Clinic is a blessing. I have no way that I could ever get any kind of healthcare if it didn't exist."

"There is a great need for your services—personally, this clinic saved my life!"

FACILITIES

- Our main 4,000 sq. ft. clinic is located in Boiling Spring Lakes. Our satellite location shares a building with the CRCI in Shallotte. We also have applications and a secure drobox for returning them at the Lord's Pantry in Shallotte.
- The main clinic is equipped with all the essentials to provide patient care. We have intake rooms, exam rooms, a dental lab, dental examination rooms, a classroom, and a pharmacy. The satellite clinic is open part-time for enrollments and limited services.

WHO DO WE NEED?

- We need volunteers to do a variety of jobs, ranging from administrative support to licensed healthcare providers.
- We have an current need for:
 - **Enrollment Specialists**
 - **Medical Intake (RN, EMT, CMA)**
 - **Receptionists**
 - **Volunteers to scan medical records**

TIME COMMITMENT

- Different positions have different time commitments.
- Volunteers work at the clinic anywhere from several days a week to once every other month.

TO GET INVOLVED

- Fill out a paper application and turn it in to the clinic (in person, by email, or by fax), or fill out an application online on our website.
- We will contact you to set up an interview and training!
